

CARD SLITTER CS 325 SMART

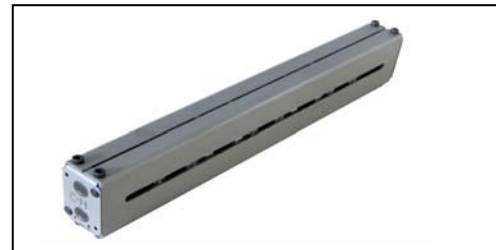

The electric Card Slitter CS 325 Smart is simple and compact machine equipped with unique system of exchangeable cutting tools. This unique system enables users to cut cards of various dimensions – just simple, quick and easy to change cutting tools. The Card Slitter CS 325 Smart is designed for processing of sheet size A 4 (including laminated and coated paper).

The machine has two feeding tables and two holders for gripping of cutting tools. Sheets are inserted manually to the machine, sheet by sheet.

The slitting machine cuts cards in two steps. First we cut longitudinal stripes on the first feeding table and then we use the second feeding table for cutting of individual cards from longitudinal stripes.

The slitting machine is equipped with a fine adjustment of guides which enables precise setting and cutting.
